“A father is neither an anchor to hold us back, nor a sail to take us there, but a guiding light whose love shows us the way.”
-Unknown

June brings the warmth of summer sunshine and the joy of longer days, a perfect time to celebrate life, love, and the bonds that make us strong. This month, we honor Father's Day—a special moment to recognize the wisdom, strength, and steady guidance of the fathers, grandfathers, and father figures who have shaped our lives. Whether through a kind word, a shared story, or a quiet moment together, June invites us to reflect on cherished memories and create new ones filled with gratitude and connection. Let's celebrate the season with open hearts and joyful spirits.

Sincerely,

Your Friends at Cherry Hills

Memorial Day - A Day to Remember

BY DAPHNE

It hurts to remember the many people who have died for us, but we owe them our thanks.

It was not long after hardy settlers decided to make this land their own that King George of England thought he could tax the lost citizens. He sent his red coated soldiers and his ships, but in 1815 we won the battle.

Next it was sad to see Americans fighting each other in a Civil War. Many died, but at least we had freed those people who had been brought here in slavery.

Then Teddy Roosevelt led us into the Spanish American War. We succeeded in preventing Spain from living on our doorstep in Cuba - World War II. We did enter the two with great losses. And now you would think it's peace time, but we are at war with Korea, Vietnam, fighting Communism and it seems that we will always be in one war or another. It is true we are one of the world's peacekeepers. We have to be proud of that. Just as on Memorial Day, let us pray that the people of this wonderful earth will combine in love and friendship and we can say farewell to Wars.
